

ADORE License Options and Price Schedule

Effective 01Jan23 - 31Dec23

(All prices are subject to change without notice)

Pricing for the various ADORE options during the above period for the corporate and individual licenses are as follows:

Opt-A: Corporate License: US \$33,000 Individual License: US \$25,000

Permanent ADORE license consisting of the following:

- ADORE Fortran-90 source code
- On-line user manual
- Java based input facility AdrInput
- Java based plot facility AdrPlot
- Java based graphic animation facility AGORE

Opt-B: AdoreQS – Executable Code Complementary: Free Download

Available in executable form only for both Windows and Macintosh Platforms. Includes Java based interactive input facility AdrQsInput.

Opt-B1: Within USA or Canada: US \$6,500 Other Countries: US \$7,500

Technical support for the use of AdoreQS. Technical effort limited to maximum of three working days during a 30-day period. Support provided via email and/or telephone.

Opt-E: Within USA or Canada: US \$6,500 Other Countries: US \$7,500

Technical support for ADORE evaluation. Technical support is provided via email and/or telephone to evaluate ADORE license purchase for user applications and capability enhancement. Support is limited to technical effort equivalent to a maximum of three working days within the 30-day evaluation period.

Opt-S: Within USA or Canada: US \$21,000 Other Countries: US \$29,000

On-site five-days ADORE development seminar to present a detailed review of ADORE, its capabilities, user instructions, input/output variables, analytical foundation and code architecture. All associated travel and living expenses are included. All meeting venue expenses are additional and they may be quoted once the venue is defined.

Opt-S1: Within USA or Canada: US \$30,000 Other Countries: US \$30,000

Customized technical support unit limited to an equivalent of fifteen (15) days of technical effort, usable at any location within one year from date of purchase. Multiple support units may be ordered if the intended support is expected to exceed the limits of a single unit. The fee covers pertinent labor and computer use charges at licensor's location. All travel and living expenses require Option S2.

Opt-S2: Within USA or Canada: US \$7,500 Other Countries: US \$15,000

Travel expense unit for travel and living expenses related to Options S1 and S3. Total expenses covered are limited to the cost of this option. Multiple units may be ordered if the total expenses within the support duration are expected to be larger than those covered by a single unit.

Opt-S3: Within USA or Canada: US \$12,000 Other Countries: US \$12,000

Customized technical support, equivalent to five (5) days of technical effort, at any location. All travel and living expenses require Option S2.

Opt-U: Corporate License: US \$4,000/year Individual License: US \$3,000/year

Yearly update service and technical support. The licensee must have current version in order to subscribe to this option. For older versions multiple units of this option, from the date of expiration of last subscription may be ordered. This option is available only with licenses under Opt-A.

Opt-V: Within USA or Canada: US \$4,500 Other Countries: US \$12,500

A one-day technical meeting to present a technical overview and demonstration of ADORE and its options. All associated travel and living expenses are included.

Opt-Z: Foreign order surcharge: US \$500/Order

This option applies to all corporations and individuals external to the United States of America on all ADORE related orders.
