

## **ADORE License Options and Price Schedule**

**Effective 01Jan18 - 31Dec18**

(All prices are subject to change without notice)

Pricing for the various ADORE options during the above period for the corporate and individual licenses are as follows:

**Opt-A: Corporate License: US \$30,000                      Individual License: US \$22,500**

Permanent ADORE license consisting of the following:

- ADORE Fortran-90 source code
- On-line users manual
- Java based input facility AdrInput
- Java based plot facility AdrPlot
- Java based graphic animation facility AGORE

**Opt-B: Corporate License: US \$6,000                      Individual License: US \$4,500**

A Ninety-days ADORE license with all items contained in Opt-A. All materials must be destroyed after the Ninety-days period. Before the ninety-days expiration date licensee has the option to convert the license to permanent license (Opt-A) in which case full price of Opt-B is credited toward the price of Opt-A.

**Opt-E: Short-Term Technical Support: US \$1,000**

Email and telephone support for a period of ninety days. Option is available with licenses purchased under Opt-B. This option is also available during software evaluation.

**Opt-R: Within USA or Canada: US \$6,500                      Other Countries: US \$12,500**

On-site technical assistance in installing ADORE and its input/output facilities. A maximum of two working days of effort is provided to the licensee's computer staff for program installation and testing. The available time may also be used for technical consultation related to program use for specific user problems. All associated travel and living expenses are included.

**Opt-S: Within USA or Canada: US \$16,000                      Other Countries: US \$22,000**

On-site five-days ADORE development seminar to present a detailed review of ADORE, its capabilities, user instructions, input/output variables, analytical foundation and code architecture. All associated travel and living expenses are included.

**Opt-S1: Within USA or Canada: US \$30,000                      Other Countries: US \$30,000**

Customized technical support unit limited to an equivalent of fifteen (15) days of technical effort, usable at any location within one year from date of purchase. Multiple support units may be ordered if the intended support is expected to exceed the limits of a single unit. The fee covers pertinent labor and computer use charges at licensor's location. All travel and living expenses require Option S2.

**Opt-S2: Within USA or Canada: US \$5,000      Other Countries: US \$11,000**

Travel and expense unit for travel and living expenses related to Option S1. Total expenses covered are limited to the cost of this option. Multiple units may be ordered if the total expenses within the support duration are expected to be larger than those covered by a single unit.

**Opt-S3: Within USA or Canada: US \$11,000      Other Countries: US \$11,000**

Technical support, equivalent to five (5) days of technical effort, at any location. All travel and living expenses require Option S2.

**Opt-T: Corporate License: US \$9,000**

Transfer of existing corporate license to a new corporation.

**Opt-U: Corporate License: US \$4,000/year      Individual License: US \$3,000/year**

Yearly update service and technical support. The licensee must have current version in order to subscribe to this option. For older versions multiple units of this option, from the date of expiration of last subscription may be ordered. This option is available only with licenses under Opt-A.

**Opt-V: Within USA or Canada: US \$4,000      Other Countries: US \$10,000**

A one-day technical meeting to present a technical overview and demonstration of ADORE and its options. All associated travel and living expenses are included.

**Opt-Z: Foreign order surcharge: US \$500/Order**

This option applies to all corporations and individuals external to the United States of America.
